Scenic and Wildlife Cruise Charters

The Milford Haven Waterway and West Pembrokeshire coast and islands offer some of the best marine sightseeing in the UK, and being ideally located in the heart of this area, Broadside Boat Charter offers a variety of cruises to groups/organisations wishing to charter the boat.

Travelling up the Waterway offers a variety of sightseeing, from the huge tankers visiting the fascinating oil and LNG terminals that contrast dramatically with the picturesque and peaceful wildlife havens further up river. There are a number of waterside hostleries that can be included in your itinerary.

Heading out to sea to the offshore islands is a wonderful experience for anyone interested in wildlife. Usually difficult to see, marine birds such as puffins, guillemots, razorbills and shearwaters are common place here and Grassholm is home to around 65,000 breeding gannets.

Seals are abundant and porpoises and dolphins can also be seen in the faster moving currents around the islands.

Cruise charters can include a spot of fishing and/or a stop off in a secluded bay for a swim, a picnic or even a barbeque of freshly caught mackerel.

Cruise charters start from £300 for a full day for up to 12 passengers. Depart from Milford Haven or Dale dependent on tide.
